Explanation of significant increases in the budget:

The City has experienced approximately a 10% increase in property valuations; insurance premiums are expected to raise approximately 15%; public works wages have been reallocated to better reflect the time worked in every area, not only utilities. The same total property tax levy rate is being maintained.

If applicable, the above notice also available online at:

*Total city tax rate will also include voted general fund levy, debt service levy, and capital improvement reserve levy.

**Budget year effective property tax rate is the rate that would be assessed for these levies if the dollars requested is not changed in the coming budget year
